For Immediate Release: 3<sup>rd</sup> September 2011

Jap Performance Parts (JPP) are proud to announce that we will be racing at round 6 Wembley Arena on 16/17 September.

This event is the highlight of the 2011 JDM Drift Allstars calendar and will see cars from all over Europe battle it out.

This year we are offering hospitality to our corporate guests to include passes for Saturday the 17<sup>th</sup> September, spending the day with the team and driver, lunch and refreshments all day and a goodie bag to take home. We can offer these VIP tickets for £40 if you would like to join us.

On our stand this year we will have Wug Utting and his Group N Subaru rally car and James Kaye with his 2011 BTCC Integra DC5 as well as our normal mix of exciting Japanese cars.

There will be a chance for you to drive the virtual JPP Drift car on the Forza Motorsport 3 Xbox game, with a small donation going to support the victims of the drought in Somalia.

We will also be showing off the new RC version of the JPP Drift car, in the hands of Jas Halsey.

The event is being covered by our media partners Togethia Media Services.
